

# ENDS & TALES

PRESENTS

# DUPPY HUNTER:

*A LOCALS* GUIDE  
TO **ST PAULS**

An audio walking adventure experienced on your phone

Produced by Tamasha in partnership with Trinity  
Community Arts. In association with Coney.

Ends and Tales is a Tamasha and Coney Joint Project.

**TAMASHA**

supported using public funding by  
**ARTS COUNCIL  
ENGLAND**

**TRINITY:**

# DUPPY HUNTER

**Written by Dr Edson Burton**

**Directed by Hanna Adu-Boateng**

**Inspired by interviews with the local people of Bristol  
and their memories**

## **What is a Duppy?**

A ghost or restless spirit is known as a 'Duppy' in Jamaica, or a Jumbie in many smaller Caribbean islands. Traditionally, a good duppy is usually a deceased family member or friend who 'dreams you' - meaning they appear in your dreams and give you advice or information.

# THE START OF YOUR EXPERIENCE

Text Duppy Hunter to **07481340803**  
to start your experience.

You should have a small bag of salt, a small bag of fish food and a small bottle of water in your pocket ready to be used when asked through the experience. The Front of House at Trinity can hand you those items.

At the start of your experience, you will be mainly at Trinity gardens so if you have any problems please go to the Front of House staff member and they will help you.

Mumma will guide you through the streets of St Pauls so listen to her careful instructions. She will ask you to look at your phone from time to time but if she forgets then look at your phone and just check everything is ok.

**ENJOY.**

# SAFETY

This is a walking adventure so you should be wearing comfortable shoes. You will be promoted by Mumma to walk across some roads, please remember to look left and right before you cross. You will pass pedestrians, scooters, bikes and cars. There is no rush to get anywhere.

When you reach a certain point, you will be asked to let Mumma know, so take your time.

**HAVE FUN.**

## TROUBLE SHOOTING

Chrome and Safari are the two best browsers to run the experience.

If you stop hearing audio, go back to your phone and press PAUSE and then PLAY again to kick start the audio.

If you get stuck, you can refresh your browser to start that scene again. If you need to skip forward or skip back, you can do so with the buttons that illustrate that.

If none of the above works, please send an email to [admin@coneyhq.org](mailto:admin@coneyhq.org) and head back to Trinity to let them know.

If you get lost look at the last page, there is map of the whole route. So, if you lose your way consult the paper map.

**GOOD LUCK AND ENJOY YOUR  
HUNT.**

## FEEDBACK & SHARING ON SOCIALS

At the end of the experience there will be a link to complete a short questionnaire about your experience. It will take two minutes of your time.

Thank you for playing. We'd love to hear about your experience, so don't forget to tag us on socials with the hashtag
